STANDARD: Written policy, procedure, and practice provide for the assignment and completion of Community Service Work. Payment in lieu of Community Service Work shall be prohibited. If additional Community Service Work hours are assigned as an internal sanction, a policy must exist stating the authority for adding such hours as a consequence for specific behaviors. The authority must come directly from the court, be authorized as a condition of probation/supervision, or be stated in a list of alternative sanctions provided to the juveniles (approved by the court) at the onset of supervision.

DISCUSSION: At the discretion of the court and/or Director (or designee), the hours may be waived if the juvenile is unable to fulfill the requirements due to documented physical, emotional, medical or other limitations beyond their control. Documentation supporting the limitation(s) along with a written and appropriately signed waiver should be contained in the juvenile's file.

NOTE: The standards and procedures set forth herein are intended to establish operational guidelines for community supervision agencies and their employees/contractors and juveniles under supervision. They are not intended to establish state created liberty interests for community supervision agencies or their employees/contractors, or supervised juveniles, or an independent duty owed by the Juvenile Justice Authority to community supervision agencies, or their employees/contractors, supervised juveniles or third parties. This standard and procedure is not intended to establish or create new constitutional rights or to enlarge or expand upon existing constitutional rights or duties.
